13:30-14.30	Debate "Sustainable Digital Education" Feed Back	All Participants

The purpose of the meeting was to present the objectives, activities carried out, results obtained, and the impact of the project on the target group and community. At the same time,

participants had the opportunity to take part in discussion sessions and exchange of good practices regarding the implementation and sustainability of the project results.

Objectives of this meeting were the following:

- Presentation and promotion of project results;
- Dissemination of project results;
- The need to promote education for sustainability among students in vocational and technical education;
- Supporting the development of digital competencies needed by future professionals;
- Exchange of good practices;
- Raising awareness of sustainable digital education;
- Access to modern educational resources.

The meeting was attended by students and teachers directly involved in the project, representatives of technological high schools in Gorj County, NGO representatives, and local communities.

The project coordinator, Prof. Marieta Pavel, the legal representative of the institution, Prof. Marian Staicu, Ms. Ruiu Simona Aurelia and Ms. Chiliban Denisa, School Inspector for Educational Projects Rădoi Adriana, and the three students selected for the project, Neaguți Elisa, Basarabă Alexia, and Calotescu Maria, made presentations covering the project overview, the products resulting from its implementation, the dissemination of the two international meetings held in Spain and Portugal, and the initiatives and activities carried out.

At the end of the meeting, discussions were held and final conclusions were drawn by requesting feedback from all participants.

Participation **Certificates of Participation** were issued and handed to all participants at this event.

Prepared by,

project coordinator, Prof. Marieta PAVEL
